**Men of Issachar**

1. Do you tend to be a big picture thinker or do you pay more attention to detail?
2. With all the different causes clamoring for your attention, how do you know which ones to support?
3. 1 Chron. 12:32's men of Issachar knew what to do considering the times. Are you or do you know of any "men of Issachar?" Is it easier to know what to do or to actually do it?
4. What is the practical evidence that you are living Galatians 3:26-28?
5. How do the "times" (Matt. 24:6-8) impact what you do and how you do it?
6. What causes are dear to your heart and worthy of support? How do you determine which you support and which you don't?
7. How has God equipped you already to make a difference for those who most feel the sting of injustice?
