

Psalm 91: The Soldier Psalm

Sunday, November 10th 2019

Take turns each reading a verse of Psalms 91 or have one person read the even verses and one person read the off verses

- 1) What does this Psalm have to say about God, what does it have to say about us?
- 2) What does the word shelter bring to mind? What person, place, thing or institution is shelter for you?
- 3) What four names of God does the author use in the first two verses? Why? Can you think of any other names of God?
- 4) What types of “shelter” are discussed in verses 3-8? Do you have any night terrors (v.5)?
- 5) According to verses 9-10 who does God “shelter”? What is the significance of that word “IF?”
- 6) Do you have any guardian angels spoken of in verse 11? What do you suppose your angels need to specialize in?
- 7) So why then do Godly people suffer harm (memorial day is celebrated not veterans day)? Does the promise in verse 15 help?
- 8) Can you think of a time that you knew God’s “shelter” in the past? Could God be calling you to take some risks for him?
