1. Read Genesis 50:15-21. Think of times life has been extremely bleak, harsh or dark. Where do you think God was during all of that? Has the passing of time given you a better perspective?
2. 2 Timothy 2:15 says we are a “workman who does not need to be shamed and who correctly handles the word of truth.”
3. What does this mean to you?
4. How does our handling the word of truth in current dark times impact the future or eternity?
5. Your Legacy:

If your tombstone epitaph were to accurately reflect how you lived your life, what words would be written?

Proverbs 22:1 says “A good name is more desirable than great riches; to be esteemed is better than silver or gold.”
