

The Wages of Sin

Sunday, June 10, 2018 ~ The end of the series from Samuel & Kings

1. Read the story in Luke 15:11-32. Who in the story do you identify with most? How do both Israel and Judah act like ungrateful, entitled sons?
2. What impacted you most in our study on 2 Kings?
3. How does 2 Chronicles 36:21 shed light on 2 Kings 24:4?
4. Even if you have been forgiven what is a consequence of your sin?
5. If you as Godly individuals or country were present in chapters 24 & 25 of 2 Kings, would you side with Babylon or Israel or something else?
6. According to 2 Kings 23:25-26, even when there is a personal turning to the Lord, what are the consequences to chronic, habitual, generational sin?
7. Has this study changed your concept of history, Bible characters or God?
